SUBJECT: YOUR FREEDOM OF INFORMATION ACT CASE DON-NAVY-2018-002564

Dear Ms. Townsend:

This letter acknowledges receipt and provides a final response to your Freedom of Information Act (FOIA) request dated December 21, 2017, that was originally addressed to the Naval Air Systems Command seeking documents received from the U.S. Coast Guard about a June 1, 2013 Traffic Separation Agreement for the Santa Barbara Channel, International Maritime Organization and Port Access Route Study as described in your request.

We conducted a thorough search of this Headquarters' files, specifically those located with the Office of Counsel (SEA 00L) and were unable to identify responsive documents. In an effort to assist you, we also contacted the Naval Facilities Engineering Command Southwest, San Diego, CA to see if they had responsive documents. We learned that the U.S. Coast Guard may have the requested information. Your request is being reassigned to that office for processing and direct response to you. They can be reached at (202) 475-3550 or by email at EFOIA@uscg.mil. To save time, we have taken the liberty of forwarding your request to them for action and direct response to you. The address for that office is as follows:

Commandant (CG-611)
2703 Martin Luther King Ave, SE
Stop 7710
Washington, DC 20593

Fees for processing your request were below the threshold for requiring payment at Naval Sea Systems Command Headquarters.

If you have any questions concerning the foregoing, please contact Ginger Dolan at 202-781-3359.

Sincerely,

DONNA M. HAMLIN
By direction
